

The Hive Youth Zone and your school

We've worked with primary, secondary and specialist schools across Wirral over the last seven years - helping to engage and inspire young people to reach their full potential.

Whether it's out at your school or here at The Hive - making use of our state of the art facilities, climbing wall, rooftop kick pitch, sports hall, training kitchen, sensory suite or rec area - there are so many ways we can support your work.

Lemonade

Helping young people build tools and techniques for resilience using fun activities, led by our wellbeing specialists. Can be tailored for junior and senior pupil groups.

Assemblies

We'll come and talk about the activities, projects and sessions we offer for young people in an engaging assembly for your pupils about The Hive as a safe place to go, for something exciting to do and someone trusted to talk to.

Inspiring Futures programme:

This six-week programme supports secondary school pupils who are at risk of becoming disengaged from education.

Residential alternatives

With an onsite climbing wall, training kitchen, rooftop pitch and outdoor space - all within walking distance of the UNESCO-shortlisted, internationally-reknowned Birkenhead Park - and a huge range of other activities, we can create a residential or away-day experience which works for your school's budget. With our experience of running Duke of Edinburgh's Award programmes, you can even explore a Basecamp Birkenhead camping experience in our sports hall, whatever the weather!

Rent our space

Use our space: whether you're looking for specific sports facilities, extra space for big group projects or a different environment for exams, we've got a range of areas you can rent with special rates for local schools.
